Monday 17th March 2025

Dear Parents and Carers,

As part of our Science unit of Earth and Space in the Spring Term the Year 5 team will be visiting the Science Museum in London to attend a Mission to Space workshop. Pupils will explore and take part in an interactive learning experience to discover the solar system and the fascinating world of space. The children will learn how space has changed throughout history, some of the mysteries that have been solved and other features that have not been discovered year. This is a fantastic opportunity for our children to develop their knowledge of space and acquire much more learning.

The trip will be taking place on **Wednesday 2nd April** and will last most of the school day. We aim to leave at around 9:45am and will be back in time for dismissal. You are asked to provide your child with a packed lunch to take with them on this day as well as plenty of water.

We kindly ask for adult volunteers to assist on the day. Please register your interest to support the trip via the ParentMail consent form.

Thank you so much for your support!

Miss Dad and Miss Meric
