Dear Parent/Carer,

We are always looking for new ways to celebrate the amazing work our children do in school and to involve parents and carers in their learning. That is why we are excited to introduce something new this year: Year Group Exhibitions.

This year, each class will hold one special exhibition to showcase and celebrate their learning. You will be invited into school to see the fantastic learning that takes place.

During the exhibition, your child will guide you around and talk you through their learning. They will share work from different subjects such as writing, art, science, and topic projects. It is a chance for them to explain what they have been learning and show you what they are proud of.

The exhibition will be led by the children themselves. It helps them to grow in confidence, reflect on their progress, and take ownership of their learning. Most importantly, it gives you the opportunity to see their achievements and celebrate them together.

Mrs Khaled
