Dear Parents

Now that we have learnt m, a, s, d and t sounds we are learning to blend them to read these words. Please encourage your child to touch the sound buttons as they say the sound and then blend them for reading e.g. a – t – at

After some practise they may start to remember them as well as read them. There will be lots more to follow over the coming weeks. Good luck! Any questions please shout. We will also be holding a phonics workshop in the coming weeks.
